  7. USAR LAS SEÑALES APROPIADAS O LAS LUCES DE AVISO AL MANEJAR EN LAS CARRETERAS.
  8. ASEGURARSE QUE NO HAY NADIE CERCA DE LA MÁQUINA ANTES DE ENCENDER EL MOTOR O ANTES DE OPERARLA.

FD 0023473

## SAFETY

---

J.A. Freeman & Son is greatly concerned with safety. The Freeman Baler is furnished with safety features. Even with these safety features, personal injury can still occur if the operator is careless, negligent or thoughtless when maintaining, lubricating, operating, unclogging, or servicing the baler.

Your Freeman Baler has safety shields to help prevent personal injury. Do not operate the baler except, and unless, all shields are in place. There are also "CAUTION," "DANGER," and "BE CAREFUL" decals on the baler. Read and pay attention to the decals.

Following is a list of precautions that should be taken to help prevent personal injury:

1. Keep all shields in place.
2. Shut off tractor and baler engine before adjusting, lubricating, cleaning, or unclogging baler.
3. Wait for all movement to stop before servicing baler.
4. Keep hands, feet, and clothing away from power driven parts.
5. Keep all shields installed and keep clear of the P.T.O. drive line.
6. Keep all others off baler.
7. Use appropriate signs or warning lights when operating on highways.
8. Make certain everyone is clear of baler before starting engine or engaging P.T.O. clutch.
9. Do not ride on feeder box or any part of the baler while in operation.
10. Keep hands and feet clear of feeder house.
11. Keep hands away from knotter when baler clutch or P.T.O. drive is engaged.
12. Do not pull on the drive belt to turn the flywheel.
13. Do not fill fuel tank while engine is running.
14. Do not smoke while filling fuel tank or servicing fuel system.
15. Periodically check all nuts and bolts for tightness.
16. Always use lights for night work.
17. As a safety precaution it is recommended that an "A" "B" "C" fire extinguisher be carried on the baler at all times. It is also recommended to carry a four gallon water container with pump, or as required by local and state law.
18. Avoid loose clothing which can easily be caught in moving parts.
19. Stop engine or motor before adjusting or lubricating the knotter.
20. Remember "SAFETY" is only a word until it is put into practice.

**WARNING:** SOME ILLUSTRATIONS IN THIS PARTS LIST SHOW THE BALER WITHOUT SHIELDS TO ALLOW FOR A BETTER VIEW OF THE AREA BEING ADDRESSED. THE BALER SHOULD NEVER BE OPERATED WITH ANY OF THE SAFETY SHIELDS REMOVED.

## SERIAL NUMBER LOCATION AND BALER IDENTIFICATION

---

Each Freeman Baler is identified by means of a baler model number and baler serial number. As a further identification, all power units are provided with a serial number.

To ensure prompt, efficient service when ordering parts or requesting repairs from your authorized Freeman dealer, record the serial numbers in the spaces provided.

### BALER SERIAL NUMBER

Rear, right side of baler on upper frame.

\_\_\_\_\_

### WIRE KNOTTER SERIAL NUMBER

Right side of twister and shuttle bar frame.

\_\_\_\_\_

### POWER UNIT SERIAL NUMBER

Deutz Diesel-forward side of engine on block.

Wisconsin Gasoline-right side on shroud above screen.

Cummins Diesel-left side on gear housing.

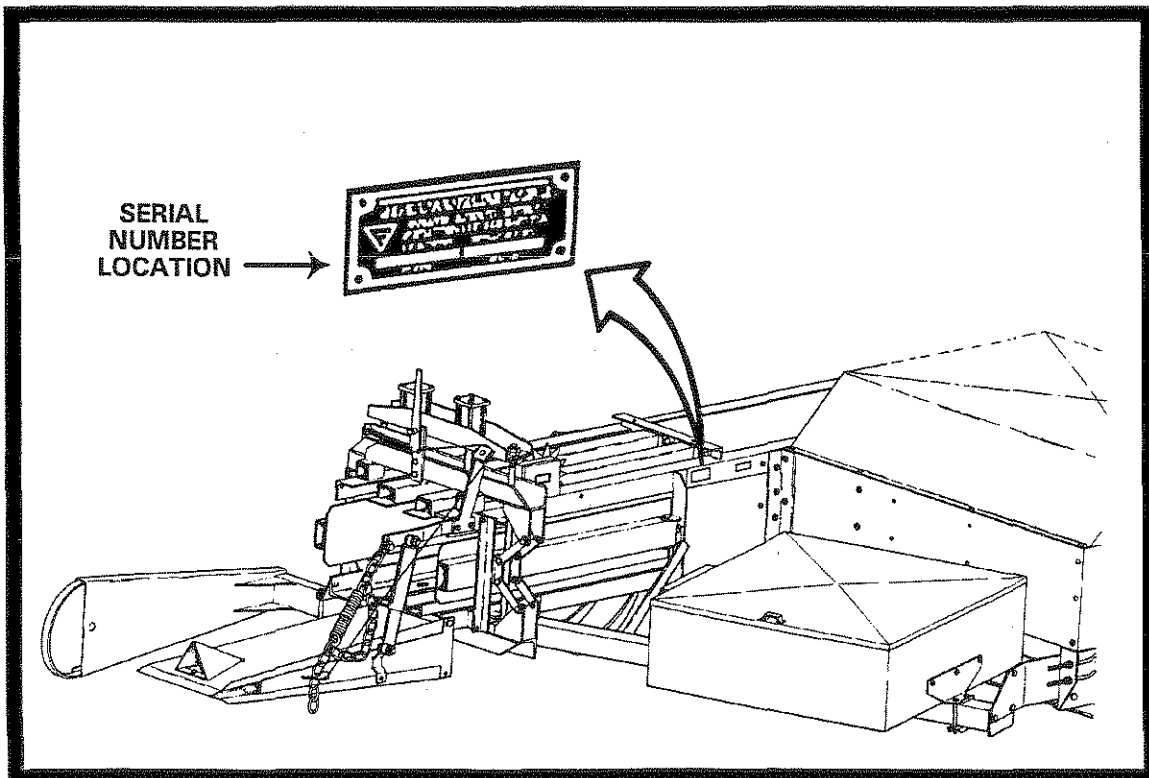

P.T.O. 540 and 1000-top of gearbox.

Hydraulic P.T.O.-front of motor mount and pulley adjustment bracket.

\_\_\_\_\_

NOTE: Reference to left-hand and right-hand used throughout the manual are understood to mean from a position facing in the direction of travel.

The serial number is an important piece of information about the machine and it may be necessary to know it before obtaining the correct replacement part. The serial number is located on the top chamber rail on the rear right-hand side.

## INSTRUCTIONS FOR ORDERING PARTS

---

1. Order by part number and description of part.
  - (a) Parts should NOT be ordered from illustration only.
  - (b) Parts should NOT be ordered from numbers on castings.
2. Order by baler serial number and model.
3. Much delay and confusion can be avoided if parts numbers are arranged in sequence on all orders.
4. State how to ship: whether by truck, stage, parcel post, air parcel post, UPS, or air freight.
5. Claims for shortage or error in handling of an order for parts must be made upon receipt of goods.
6. Address all orders for parts as follows:

### **Allied Systems** COMPANY

21433 SW Oregon Street, Sherwood, Oregon 97140-9799 USA  
Phone: (503) 625-2560 • Fax: (503) 625-5132

Permission must be secured before any parts are returned for credit. When parts are returned, the freight must be prepaid or arrangements made so that they can be brought in by our trucks.

#### "NOTE"

Parts are identified by reference numbers. See parts list for correct part numbers. DO NOT USE REFERENCE NUMBERS AS PART NUMBERS.

ILLUSTRATIONS ARE FOR "ORDERING" INFORMATION ONLY, AND ARE NOT FOR USE AS AN ASSEMBLY GUIDE.
