

FREEMAN

MODEL 370
AUTOMATIC HAY BALER

PARTS MANUAL

Serial Number: Freeman Built 37803- / Allied Built ASC-0370-001-

PB03702003

A Product of
Allied Systems
COMPANY
Sherwood, Oregon USA

SAFETY

Allied Systems Co. is concerned with safety. Freeman Equipment is furnished with safety features. Even with these safety features, personal injury can still occur if the operator is careless when operating or maintaining the machine. There are "CAUTION," "DANGER," and "BE CAREFUL" decals on the machine. Read and pay attention to the decals. Following is a list of precautions that should be taken to help prevent personal injury:

1. KEEP ALL SHIELDS IN PLACE.
2. SHUT OFF TRACTOR ENGINE BEFORE ADJUSTING, LUBRICATING, CLEANING OR SERVICING THE BALER.
3. WAIT FOR ALL MOVEMENT TO STOP BEFORE SERVICING BALER.
4. KEEP HANDS, FEET, AND CLOTHING AWAY FROM POWER DRIVEN PARTS.
5. KEEP ALL SHIELDS INSTALLED AND KEEP CLEAR OF THE P.T.O. DRIVE LINE.
6. KEEP ALL OTHERS OFF BALER.
7. USE APPROPRIATE SIGNS OR WARNING LIGHTS WHEN OPERATING ON HIGHWAYS.
8. MAKE CERTAIN EVERYONE IS CLEAR OF BALER BEFORE ENGAGING P.T.O.
9. DO NOT RIDE ON ANY PART OF THE BALER WHILE IN OPERATION.
10. KEEP HANDS AND FEET CLEAR OF PICKUP.
11. KEEP HANDS AWAY FROM KNOTTER WHEN BALER P.T.O. DRIVE IS ENGAGED.
12. PERIODICALLY CHECK ALL NUTS AND BOLTS FOR TIGHTNESS.
13. ALWAYS USE LIGHTS FOR NIGHT WORK.
14. AS A SAFETY PRECAUTION IT IS RECOMMENDED THAT AN "ABC" FIRE EXTINGUISHER BE CARRIED ON THE BALER AT ALL TIMES. IT IS ALSO RECOMMENDED TO CARRY A FOUR GALLON WATER CONTAINER WITH PUMP, OR AS REQUIRED BY LOCAL AND STATE LAW.
15. AVOID LOOSE CLOTHING WHICH CAN EASILY BE CAUGHT IN MOVING PARTS.
16. REMEMBER 'SAFETY' IS ONLY A WORD UNTIL IT IS PUT INTO PRACTICE.

WARNING: SOME ILLUSTRATIONS IN THIS PARTS LIST SHOW THE BALER WITHOUT SHIELDS TO ALLOW FOR A BETTER VIEW OF THE AREA BEING ADDRESSED. THE BALER SHOULD NEVER BE OPERATED WITH ANY OF THE SAFETY SHIELDS REMOVED.

INTRODUCTION

HOW TO USE THE MANUAL

This manual contains illustrations and parts lists of components and assemblies which make up the machine. Each page consists of the name of the assembly or component, a reference number, part number, part name and the quantities of the part used.

Assembly or component names help identify the illustration and parts list for each figure. This name also helps locate the general area of the machine where the assembly or component can be located.

Reference numbers shown in a column refers to the numbered parts in the illustration. This ties the part in the illustration to the part number and description in the parts list.

Part numbers are used to identify individual parts or part assemblies

Part descriptions provide the name of the part, plus additional information such as dimensional specification and what parts are grouped together to form part assemblies, which helps you identify the parts.

Quantities listed for each illustration are only for that assembly or component and not the total used per machine.

This parts manual is not intended to be a complete guide for machine service or repairs. Contact your dealer for any of your service or technical requirements.

UPDATING AND REORDERING MANUALS

The parts lists, illustrations and specifications in this manual are based on the latest information available at the time of publication. Your machine may have product improvement and options not yet contained in this manual.

A copy of this manual is supplied with each machine. Additional copies are available through you dealer. When ordering additional manuals, use the reorder number listed on the front cover and the quantity needed.

BALER SERIAL NUMBER LOCATION AND PARTS ORDERING INFORMATION

Each Freeman Baler is identified by means of a baler model number and baler serial number. As a further identification, all power units are provided with a serial number. The serial number is an important piece of information about the machine and it may be necessary to know it before obtaining the correct replacement part. The serial number is located on the top chamber rail on the rear right-hand side. To ensure prompt, efficient service when ordering parts or requesting repairs from your authorized Freeman dealer, record the serial numbers in the spaces provided.

BALER SERIAL NUMBER

Rear, right side of baler on upper frame.

POWER UNIT SERIAL NUMBER

Deutz Diesel-forward side of engine on block.

Wisconsin Gasoline-right side on shroud above screen.

Cummins Diesel-left on gear housing.

P.T.O. 540 and 1000-top of gearbox.

Hydraulic P.T.O.-front of motor mount and pulley adjustment bracket.

NOTE: Reference to left-hand and right-hand used throughout the manual are understood to mean from a position facing in the direction of travel.

Serial Number
Freeman Built 37803
Allied Built ASC-0370-001

For any further information on parts, service or ordering, consult your local Freeman dealer.

TABLE OF CONTENTS

Draw Bar Assemblies	1-2
Optional Cylinder Activated Swing Draw Bar	3-4
Throttle & Tension Control Stand	5-6
Throttle & Tension Control Box	7-8
Hitch, Engine & Mounts	9-10
Hydraulic P.T.O. Pump and Tank Connecting Hoses	11-12
Hydraulic PTO Tank Assembly (External)	13-14
Hydraulic PTO Tank Assembly (Internal)	15-16
Hydraulic Oil Cooler	17-18
Deutz Engine Components.....	19-20
Deutz Engine Air Screen Assembly For 912 Motor (Kit 107).....	21-22
Deutz Engine Air Cooling Snorkel 914 Motor	23-24
Deutz Control Box For 914 Motor	25-26
Deutz Control Box For 912 Motor	27-28
Clutch	29-30
Power Take Off.....	31-32
Main Frame & Tension Rails.....	33-34
