

Install Allied Winches on John Deere Dozers in Dubuque

As a John Deere dealer, you now have the option of installing Allied winches on your John Deere dozers before shipping from Dubuque, IA. Here is how it works:

1. Order your dozer from John Deere.
2. Order the matching Allied winch directly from Allied, as follows:
 - Allied H4A winch for John Deere 450K, 550K, 650K, 700K
 - Allied H5C winch for John Deere 700K, 750K
 - Allied H6H winch for John Deere 750K, 850K
3. Advise us of your dozer expected delivery time and its COMAR number as a tracking number.
4. Allied will ship the winch to Dubuque for installation by Paladin (JRB), the attachment installer located next door to the Dubuque plant. They can also spool the wire rope onto the winch for no extra charge.
5. Allied will bill the installation cost on your winch invoice. In many cases, it could be lower than your current installation cost.
 - Winch Freight to Dubuque and installation labor by Paladin \$1,900
 - Installation of optional fairlead, arch, wire rope.....No Charge
 - Total freight and installation charge (2014)..... \$1,900

Your dozer will arrive at your site with the winch already installed and ready to go to work.

It's a worry-free alternative to installing the winch at your facilities. Call us for more details.
