

# The Pipelayer's Winch of Choice

## The Allied Winch Advantage:

- Plug & Play installation on any stock Caterpillar pipelayer
- Gen II Controls for fine line speed control
- Unrivaled pulling power of a PTO winch\*
- Does not overheat tractor hydraulics
- Safest winch on market due to improved line of sight of winch drum
- Durable fabricated steel frame construction
- Flexible modular winch design allows for easy conversion between pipelayer and tractor
- Best after sale support in the industry

Allied Winch Model	Pipelayer Model
H5C	PL61*
W6G	PL72
W8L	572, 572G, 572R
W12E	PL87, PL83, 594, 594H, 587T, 583, 583T, 583R, 583K, 583H

\* The PL61 is the only pipelayer with a rear mounted hydraulic winch.
