

Allied Winch Field Service and Parts Support

Source your service
and parts from those
who know your
equipment best:
Allied Winch

 **MADE IN USA**

Parts

From the tropics of SE Asia to the frozen landscape of Antarctica, Allied winches are used on some of the toughest job sites around. Rely on Allied Winch to supply the genuine parts and kits your winch needs to run day in and day out.

Allied Winch is the only source for **genuine maintenance kits and service parts** developed specifically for your winch.

Maintenance Kits

Allied Winch makes routine maintenance easy with kits developed specifically for your winch at the factory specified intervals. Refer to Parts Manuals and Suggested Spares Guides* for your winch model for details.

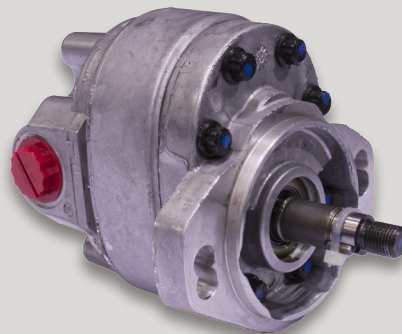

- Filter Kit
- Gasket Kit
- Brake Assembly Kit
- Clutch Shaft Kit
- Brake Shaft Bearing Kit
- Clutch Shaft Bearing Kit
- Drum & Intermediate Shaft Bearing Kit

Service Parts

In addition to the kits, the Suggested Spares Guide makes it easy to find common replacement parts and tools for your winch, including:

- Pumps
- Filters
- Gaskets
- Wire Rope Assemblies
- Miscellaneous Parts and Seals
- Tool Kits
- Diagnostic Tools

Rebuild

Don't try to sell that old winch as-is, with no warranty. Send it back to the Allied Winch factory to be rebuilt and restored to its original specifications.

Factory Rebuild Program

A basic rebuild* includes:

- Gaskets
- O-rings
- Seals
- Brake Friction Discs & Plates
- Clutch Friction Discs & Plates
- Filters
- Paint
- Decals
- Factory Testing

Your winch will receive a 3-month factory warranty for parts and labor.

In addition to a basic rebuild, your winch may be able to be converted to fit a different tractor model, where feasible.

Contact Allied Winch today to **schedule your rebuild**.

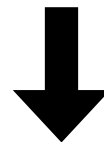

*A basic rebuild includes replacing gaskets, o-rings, seals, brake and clutch friction discs and plates, filters, decals, repainting the winch, and testing to new winch specifications. If additional items or repairs are necessary, Allied Winch will request approval before proceeding.

Allied Winch service representatives stand ready to provide technical support or training as needed, by phone, at our factory, or at your location anywhere in the world. Nobody knows your winch better, and nobody else has direct access to the engineers and mechanics who designed and built your winch.

Technical Support

When repairs are needed, get your winch back up and running quickly. With support from the engineers who designed your winch, Allied Winch service representatives will help you troubleshoot and facilitate any necessary repairs.

Training

Receive operator's and maintenance training from factory authorized representatives. Learn safe and effective operating practices, preventive maintenance procedures, and theory of operation for your winch from the only team that knows your winch inside and out.

Allied winches are found on the following industry leading manufacturers:

**Case
Caterpillar
Dressta**

**John Deere
Komatsu
Liebherr**

**New Holland
Shantui
Zoomlion**
