

Great Value, Great Convenience.
Allied Systems Company introduces a series of knotter rebuild kits for designated FREEMAN hay balers.

- **Highly convenient - Receive ALL the parts you need by ordering ONE PART NUMBER.**
- **Save labor & time - Avoid a second teardown. Kits include all the parts you need to perform a COMPLETE rebuild.**
- **Lower cost - Kits are priced less than the separate pieces.**

Complete knotter rebuild kits are available for the following FREEMAN Baler models:

Model: 200, 270, 280, 330, 370, 380 & 1390 in-line baler – Rebuilds knotter part no. KNT006006A

Model: 1590 & 1592 Big Balers – Rebuilds knotter part no. KNT0600600

Select from the following list to find the right kit for your application:
