

SAFETY IS YOUR BUSINESS

Why? Because SAFETY based on knowledge, technical skill, and years of experience has been carefully built into your WAGNER unit. Time, money and effort have been invested in making your unit a safe product. The dividend received from this investment is YOUR PERSONAL SAFETY.

It should be realized, however, that no power-driven equipment can be any safer than the man who is at the controls. If you, the operator, attempt to clean, oil or adjust a machine while it is in motion, your personal safety will be in danger and our efforts will be in vain.
