The New King of Cabs

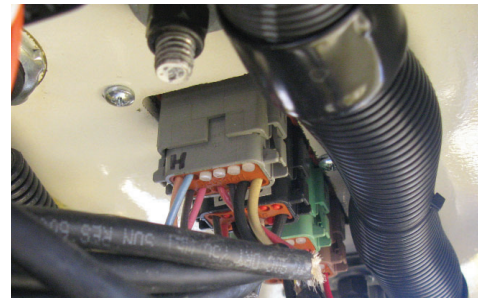

Better: Visibility Ergonomics Performance

MADE IN USA

Wagner cabs include a comfortable seat and air suspension and an optional seat rotate platform for added operator comfort and safety. You can even add an optional trainer seat.

Maintenance has never been easier. Cab electrical harnesses include quick disconnect connectors.

AC plumbing includes quick disconnect fittings. No need to drain refrigerant.

Tilt cab design (option) is available for improved accessibility.

A Vehicle Monitoring System is installed in the cab of all new logstackers. Once activated, data is sent wirelessly and can be viewed through a web browser.

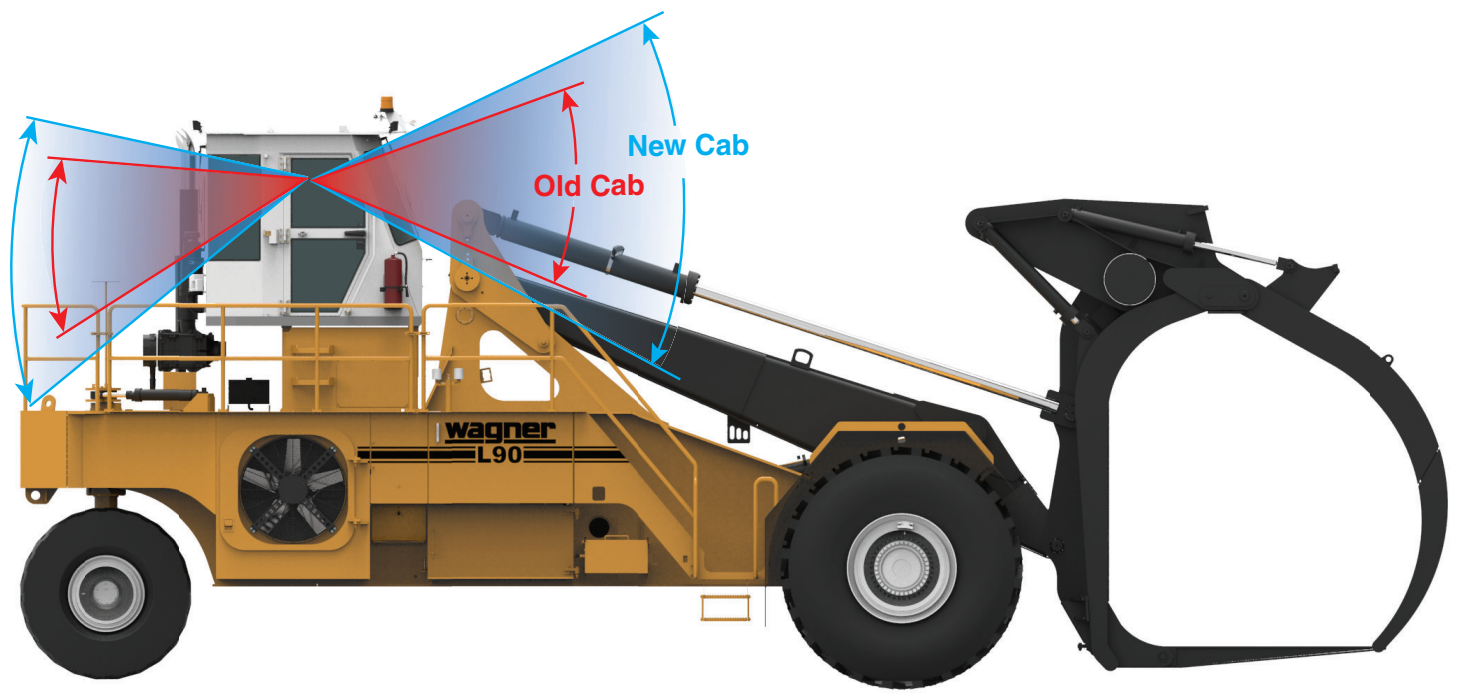

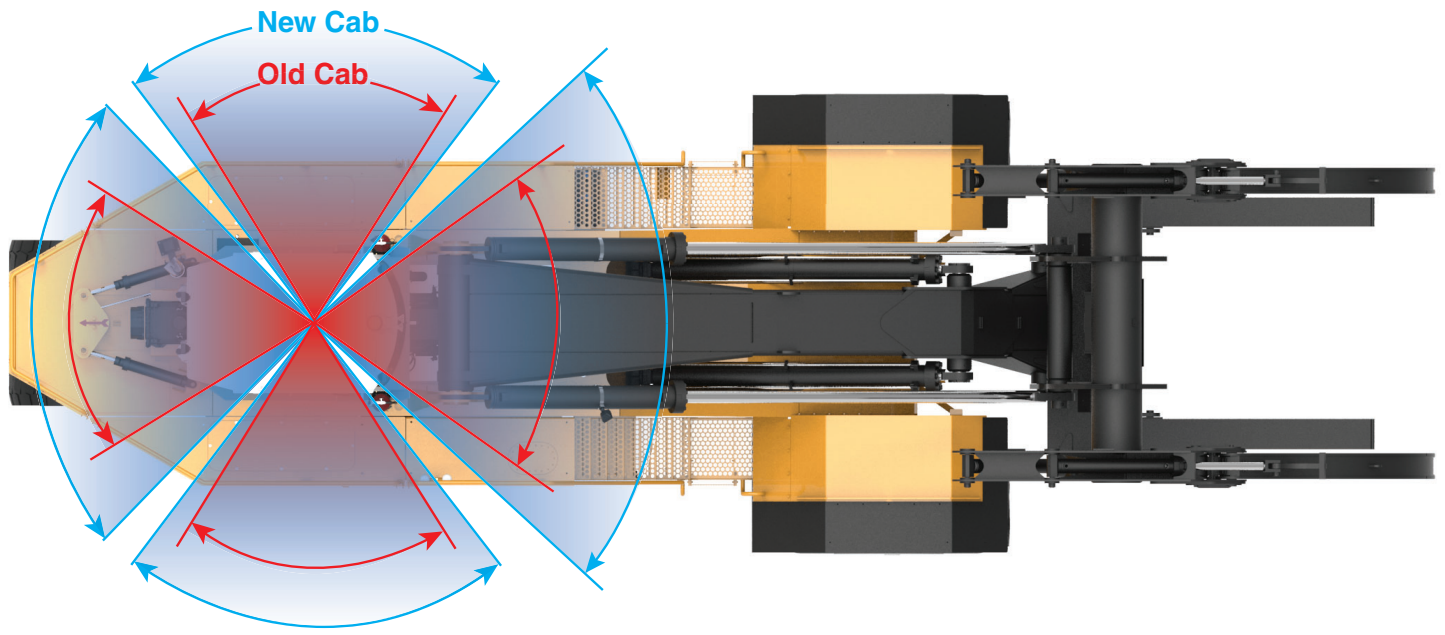

State of the art controls and instruments.

Joystick controllers can be customized to your needs including steering, shifting, implements, and more.

Many other features are available in the Wagner cab. Contact your local dealer for more information. See back page for dealer list.

30% VISIBILITY IMPROVEMENT

Allied Systems Company was founded in 1976 as a fabricator of material handling equipment for the wood products industry. Since that time, Allied has expanded greatly and now owns several different product lines, including Allied Marine Crane, Allied Winch, Wagner Chip Dozer, Wagner Coal Dozer, Wagner Lumberjack, Wagner Steel Handler, Long Reach Attachments, and Freeman Hay Handling Equipment.

Allied's skilled engineering and manufacturing teams have the capability to build custom equipment and vehicles to your design, or we can design the equipment for you, to your exact standards.
