

Introducing the L60 Logstacker

Our customers spoke and Wagner listened. With a focus on safety, operator comfort, and ease of maintenance, Wagner is proud to introduce the revolutionary, purpose-built, 60,000 lb, L60 Logstacker. Ideally suited to handle cut-to-length logs, the L60 is a smaller, more agile machine, designed to outperform anything else on the market. From fuel consumption to ease of maintenance and operator comfort, Wagner offers the lowest cost of ownership in the industry. Wagner is in it for the long haul.

The L60 Logstacker features:

- Lighted stairway access
- Clear walkways around the operator cab
- Ground level service bays
- A swiveling operator seat
