

Introduction

Figure 1-1-1 The Lumberjack, Workhorse of the Logging Industry (Model L90 Shown)

This manual is your guide to correct operation of the Wagner Lumberjack. Become familiar with it, understand it, and use it. Read all instructions carefully prior to operation. They will help you understand the unit, its capabilities, and its limitations.

As an operator, it is your responsibility to make certain that your Lumberjack operates at maximum efficiency, with the greatest possible safety. It is also your responsibility to keep it in top operating condition through proper operating techniques and correct operator maintenance. Remember, safe and efficient operation is up to you - the operator.

The Lumberjack, workhorse of the logging industry, has proven itself the world over. It can unload a full truck load or railcar load of logs in one pick. And...the

load may be decked, sorted, stored, or transported directly to the mill, covering every distance with speed and agility. The Lumberjack also helps to save time and labor in splitting loads and sorting within log yards.

Rugged construction and ease of service contribute to the Lumberjack's long life and low maintenance. The Lumberjack's superior visibility and responsive controls result in fast, efficient and safe operation.

Intended Use Statement

This machine is designed for the unloading, transportation, decking, and sorting of logs in log yards. Use in any other way is considered contrary to the intended use. Compliance with and strict adherence to the conditions of operation, service and repair as specified also constitute essential elements of the intended use.

The machine should be operated, serviced and repaired only by persons who are familiar with its particular characteristics and who understand the relevant safety procedures.

Accident prevention regulations, and all other generally recognized regulations on occupational safety, must be observed at all times.

Any arbitrary modifications carried out on this machine may relieve the Allied Systems Company and your Wagner dealer of any liability resulting from damage or injury.

WARNING

Any removal of safety devices may result in damage to the machine, personal injury, or death.
