

## Introduction

*Figure 1-1-1 Wagner Landfill Compactor*

This manual is your guide to correct operation of the Wagner Landfill Compactor. Become familiar with it, understand it, and use it. Read all instructions carefully prior to operation. They will help you understand the unit, its capabilities, and its limitations.

As an operator, it's your responsibility to make certain that your Wagner Landfill Compactor operates at maximum efficiency, with the greatest possible safety. It is also your responsibility to keep it in top operating condition through proper operating techniques and correct operator maintenance. Remember, safe and efficient operation is up to you — the operator.

The Wagner Landfill Compactors are designed and developed specifically to compact and spread refuse further and at less cost than a non-purpose built machine.

Rugged construction and ease of service contribute to the Wagner Landfill Compactor's long life and low maintenance. The Wagner Landfill Compactor's superior visibility and responsive controls result in a fast, efficient and safe operation.

If you require information not found in this manual, please contact your local Wagner dealer. If you are unsure who your local dealer is, then contact:

## Intended Use Statement

This machine is designed for compacting and spreading refuse in waste landfills. Use in any other way is considered as contrary to the intended use. Compliance with and strict adherence to the conditions of operation, service and repair as specified also constitute essential elements of the intended use.

The machine should be operated, serviced and repaired only by persons who are familiar with its particular characteristics and who understand the relevant safety procedures.

Accident prevention regulations, and all other generally recognized regulations on occupational safety, must be observed at all times.

Any arbitrary modifications carried out on this machine may relieve Allied Systems Company and your Wagner dealer of any liability resulting from damage or injury.

# WARNING

**Any removal of safety devices may result in damage to the machine, personal injury, or death.**
